Learn more about these impactful positions:

Housing Support Counsellors

Supports youth between the ages of 15-29 at risk of or experiencing homelessness. As part of our housing continuum, clients are supported in preparing for semi and independent living by providing emergency, short and long-term accommodation and supports.

Justice Support Counsellors

Supports federally sentenced men to transition to the community by offering individual counselling, group programs, and employment services, as well as providing clients with the skills and supports they need to achieve a productive, pro-social lifestyle.

Withdrawal Management Workers

Compassionately supports people in early withdrawal from substances; monitors symptoms, administers medication, provides recovery education, supports transitions.

Residential Counsellors

Supports people in our 5 week addiction treatment program by actively engaging them in psychoeducational groups and social/recreational activities that enhance coping strategies. Responds to 24/7 crisis line calls in overnight hours.

Crisis Counsellors

Provides immediate crisis intervention support and counselling to people experiencing mental health distress or a situational crisis. Responds to 24/7 crisis calls, supports walk-in mental health counselling, and offers connections to other community resources.

Registered Practical Nurses

Supports clients in withdrawal management and treatment programs through symptom assessment, medication administration, and provision of physical care; supports discharge planning.
